

DATASHEET

TruControl

Management tools for complete compliance control.

The newly designed TruControl cloud-based portal from TruTac contains various products all in one place for simple, all-round compliance management. The modular products all work seamlessly together and provide a powerful single site for complete control.

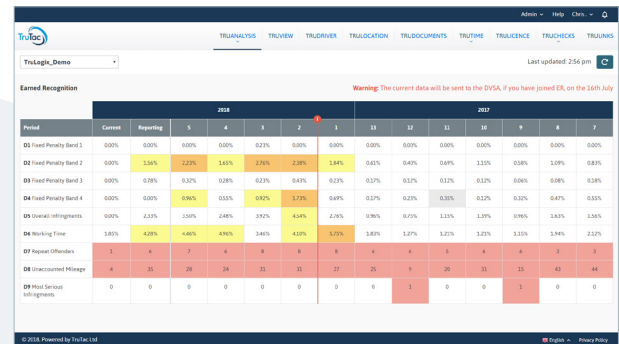

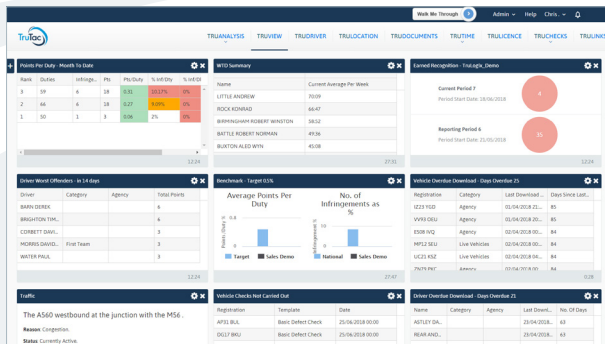

✓ Compliance portal

✓ Reduce costs

✓ Increase performance

The TruControl portal includes:

TruAnalysis

Leading tachograph management, driver de-briefing and compliance reporting.

TruView

Managers' dashboard for key performance data with easy-to-understand graphics and configurable apps.

TruChecks

Daily driver walkaround checking App and back office compliance reporting system.

TruTime

Employee clocking via tachograph cards or smart cards, providing clocked versus tacho data.

TruLicence

Driving licence validation and verification checking system.

TruDocument

Online document storage, search and management facility for all paperwork relating to drivers, vehicles and compliance.

TruDriver

Driver portal, to educate and inform drivers on tachograph records, infringements, compliance and working time.

TruLocation

Tracking and remote tachograph downloading with geo-location, points of interest, harsh braking and excess speeding.

TruLinks

Suite of API links for developers to integrate key data between systems.
