

TruTac Hall of Compliance

One Voice, One Solution
Our Customers are Talking...

Tru Compliance with TruControl:

TruAnalysis Leading tachograph management, driver debriefing and compliance reporting.

TruView Managers' dashboard for key performance data with easy-to-understand graphics and configurable apps.

TruDriver Driver portal, to educate and inform drivers on tachograph records, infringements, compliance and working time.

TruDocument Online document storage, search and management facility for all paperwork relating to drivers, vehicles and compliance.

TruChecks Daily driver walkaround checking App and back office compliance reporting system.

TruTime Employee clocking via tachograph cards or smart cards, providing clocked versus tacho data.

TruLicence Driving licence validation and verification checking system.

TruLocation Tracking and remote tachograph downloading with geo-location, points of interest, harsh braking and excess speeding.

TruLinks Suite of API links for developers to integrate key data between systems.

TruFleet Operator Licence Management, including vehicle maintenance planning, safety management, vehicle and trailer number authentication and all vehicle document control. ER-approved.

We are talking... Complete Compliance Control!

“TruAnalysis gives us much greater visibility. From capturing missing miles and easy driver debriefing by way of electronic signatures, to secure online document storage, it all adds up to paper elimination, less wasted time chasing drivers and of course, complete compliance control.”

Richard Toner. *Commercial Director, Elldis Transport.*

Software and Compliance for
All Transport Operators trutac.co.uk

TruTac is ER-accredited

We are talking... 100% Compliance!

“ Our vehicle fleet is relied upon to deliver on-time while remaining efficient, safe and 100% compliant. TruTac’s unique software systems work in unison to enable close management and control of our transport assets and personnel. The TruTac package allows us to keep tabs on each one of our 20 drivers and vehicles. We can cover hours, analyse tacho information, debrief drivers and monitor infringements at the click of a button. That saves time, keeps us legal and above all, keeps our delivery fleet on the move! ”

Lee Parker. *Transport Manager, Arden Wood Shavings.*

Software and Compliance for
All Transport Operators trutac.co.uk

TruTac is ER-accredited

We are talking... Instant Driver Debriefing!

“ I can check on vehicle utilisation via TruControl and see the drivers with the best and worst infringement records at our various sites. Plus, I can look up any driver who’s just completed their route and instantly download data to check for infringements - which means we can debrief drivers straight away.”

Peter Cox. *Group Transport Manager, CLEAN.*

We are talking... Reduced Driver Infringements!

“ With TruAnalysis, not only do we see a reduction in driver infringements, but also a noticeable decrease in administration - factors which give us a more efficient and compliant operation. ”

Rowan Harris. *Transport Manager, CMG.*

Software and Compliance for
All Transport Operators trutac.co.uk

TruTac is ER-accredited

We are talking... Big Time Savings!

“ All our tachographs used to be sent away to be analysed and it was very time-consuming – in fact we got the reports back about a week later. Now, using TruControl from TruTac, our drivers can download their tachograph card via the telematics system in the truck and it comes through to me. I then enter it into the system and have the report within minutes. That’s fast.”

Will Porter. *Transport Manager, Cranleigh Freight Services.*

Software and Compliance for

We are talking...

Working Time Directive Compliance!

“ Working time directive compliance is a crucial part of our procedure – especially during bank holidays or when workloads ramp up. This is when TruControl comes into its own: I can instantly download driver information and check each driver’s hours. Plus, I can see any infringements and retrieve payroll information too. Fast, accurate, compliant – we couldn’t do without it! ”

Kirstie Stuart. HR Manager, Tooles Transport.

We are talking... Concrete Vehicle Compliance!

“ TruTac quickly installed the new vehicle hardware – which took less time to fit than a radio – and very soon, using a range of software modules:- TruControl; TruView; TruChecks; TruDriver and TruLocation we were able to remotely download all the information needed to fall in line with compliance and the law.”

Matt Burman. *Director, Burman Plant*

Software and Compliance for
All Transport Operators trutac.co.uk
