

## TruFleet

**TruFleet intelligent fleet management software delivers seamless planning and co-ordination of all vehicle maintenance and compliance in real-time.**

Easy-to-use TruFleet provides live fleet maintenance management and reduces risk with all day-to-day vehicle and O'Licence information in one place.

- Real-time maintenance schedules
- Interactive dashboards and alerts
- Live visibility of vehicles and drivers
- Online document storage for daily checks, defects and repair rectifications

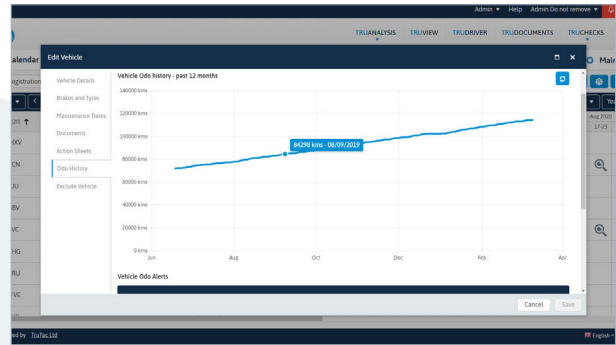

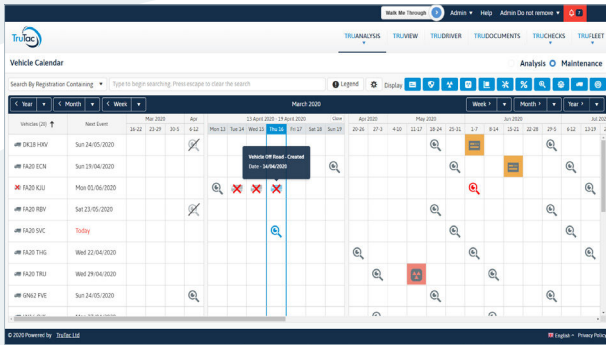

✓ Full visibility

✓ Maintenance schedules

✓ Online document storage

### Easy Maintenance Planning

Instantly view planned maintenance for inspections, MOTs, services and repairs. Add calendar reminders for tax and insurance. Tachograph calibration dates are auto populated via vehicle files. Upcoming or overdue events are highlighted.

### Manage Safety Inspections

Specify service intervals, auto plan future dates, and easily reschedule. Instantly upload inspection sheets and notify failures or advisories. Record tyre and brake tests and full safety inspection history in reports.

### Garage & Vehicle Control

Manage multiple garages, schedules and bookings. Auto email documents to garages including contracts, worksheets, defects and notes. Quickly identify all VORs and vehicles returning to service. Streamline document management by uploading and tagging MOT certificates and safety inspections.

### Earned Recognition Approved

TruFleet is DVSA Earned Recognition approved and part of TruTac’s modular ‘TruControl’ suite. Seamlessly switch between tacho analysis, daily checks and maintenance for complete control.
