DATASHEET

TruTac

TruLinks

TruLinks is a comprehensive API suite allowing developer access to key data within TruTac products.

The powerful data is often useful for other systems, reports and critical business decisions. TruLinks allows access to key data and removes the need for manual intervention or data duplication.
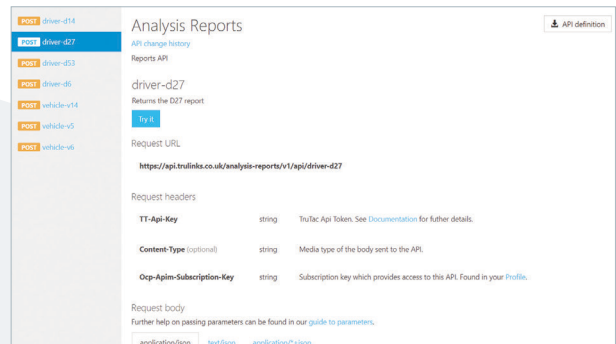

✓ **API suite**   ✓ **Powerful data**   ✓ **Developer portal**

Features

The TruLinks API suite allows you to directly interact with the API in the developer portal.

There is comprehensive API Documentation available for developers and describes how to use the APIs and includes code samples in multiple languages.

The suite is available at **www.trulinks.co.uk** and once enabled a user can create a developer account and generate the API key.

THE WIDE RANGE OF APIs AVAILABLE INCLUDE

Tachograph analysis reports

Vehicle checks sheets

Drivers data

Duties data

Fleets data

Time data

Vehicles data
