

DATASHEET

TruVan

microlise

TruVan provides a one stop shop for managing drivers, vans, and LCV vehicle compliance. The driver App and office management system improves compliance, fleet maintenance and efficiency for vehicles and drivers.

TruVan demonstrates compliance with DVSA guidelines to minimise risk exposure, protect drivers and reduce vehicle downtime.

✓ **Driver and Vehicle Safety**

✓ **Fleet Management Control**

✓ **Full Audit Traceability**

TruVan manages processes in-line with Government guidelines and best practice to reduce risk, protect workers and simplify fleet management.

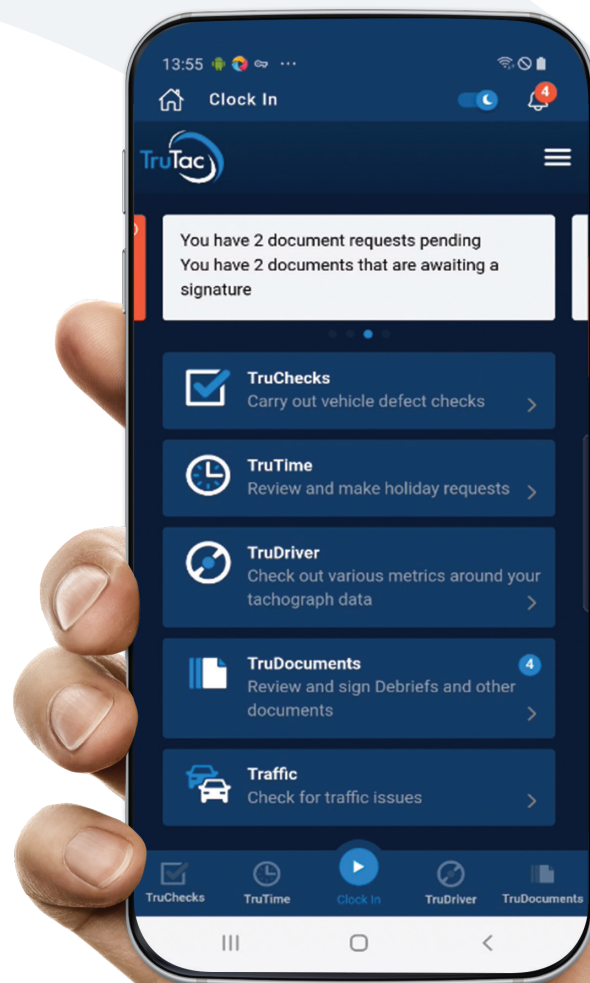

Providing a compliance safety net for fleet operators, with full reports and audit trail; all in a single, modular system.

Key features

- TruView – Dashboard
